500 houses in Rib Lake
of lumber.*

Mr. J. D. Mylrea, President
Thunder Lake Lumber Company
Rhinelander, Wisconsin

Dear Jack:

I have just discussed with Mr. Brownell the
figuring that Mr. Sisley and I at one time
did with you and others on the possible sale
of the Rib Lake Lumber Company.

Mr. Brownell has requested my writing you
that he is of the opinion that if a proposi-
tion could be worked out on a strictly cash
basis a very satisfactory deal could be made
at this time, even on the basis of present
uncertain conditions.

In a general way, you perhaps will remember
the set-up. I would like to have you advise
me under personal cover if there is a pos-
sibility of your being interested. If so,
Mr. Brownell could meet you and discuss the
proposition more in detail at your convenience.

Needless to say, whether or not interested,
we would like to have you consider this strictly
confidential.

Yours very truly,

Frank Handeyude
