

1/12/23 - Lee Holliday, of Chelsea, came home from Rib Lake, where he was employed in the Rib Lake Lumber Co.'s logging camps.

2/1/23 - Peter Lamberty Jr. was kicked by a horse Mon. and his left arm was broke in 2 places. He was working for his brother, Lambert, who has a number of men logging for him.

Eugene Hein hurt his right knee with a lumber hook and was obliged to lay off yesterday from the Rib Lake Lumber Co. mill.

3/8/23 - Lambert P. Lamberty, who is doing logging on an extensive scale this winter, is confident that he will wind up his logging operations, if sleighing will hold out 3 weeks longer. O.A. Peterson was intending to start his mill this week, but the change in weather made him decide to postpone it. His logging operations in the Wood Lake district are coming along fine. Robert Hess and Herb Curran came home Sat., having finished the job of running the steam log hauler at Birchwood for the season.

4/5/23 - O.A. Peterson's camp near Wood Lake broke up this week and the equipment and supplies were moved out on Tues.

4/26/23 - C.R. Peterson, foreman at Camp 19 of the Rib Lake Lumber Co., is taking a weeks vacation, having been on the job steadily, 1 year next Fri.

Bark Peelers - \$5.00 per Cord. - Medford Lumber Co.

11/1/23 - William Wagner has taken a contract to haul & load bark for the Rib Lake Lumber Co. He & his crew will board at Camp 19. They will start Tues.

11/15/23 - Rib Lake Lumber Co. locomotive #67, which has just come from shops where it was overhauled, went into service yesterday, with Chester Curran as engineer, and Lee Evans, fireman. W.G. Horton, Pres. of the Rib Lake Lumber Co., was on his usual tour to Rib Lake, this week.

12/7/23 - The sawmill of the Rib Lake Lumber Co. started Tues. morning and has been running steadily since. Everything is working nicely.

John Steffeck, who has been keeping books in the Tannery office, transferred to the office of Rib Lake Lumber Co. sawmill and started there Mon. The Tannery has been shut down for the past 2 years and there is not much to do in the Tannery office.

A. ?

12/14/23 - O.V. Peterson took a crew of men into the Newwood district last week to build camps for his logging operations and built a camp to house 50 men, a barn for 16 horses, and a blacksmith shop. He expects to log at least 1,000,000 ft. this winter. The hemlock will be sawed in his Rib Lake mill and the veneer logs will be shipped. The logs will be hauled as soon as sleighing sets in. Mr. Peterson expects to have a good bunch of logs on skids.
