How good it is to hear from you. I hope to see you soon. I had some fun with the boys. I hope to see you soon. I hope to see you soon.

The Minneapolis Panel Silo

Made with Wood Panels abutting Steel Ribs end wise horizontally, overcomes the tendency of loosening of the hoops and prevents shrinkage in circumference which results in tight silo that will retain its position on the foundation, guaranteeing perfect ensilage. Have our Agent, J. I. Taylor, call on you and give a practical demonstration of the other merits and points of superiority of the Minneapolis Panel Silo from the complete model which he has.
